About The Class

Dan Whittaker

- From Stillwater, MN
- Together with his wife, Melody, began raising llamas in 1994
- Began driving llamas in 1997
- Teaching llama driving clinics since 2000
- Makes and sells llama carts and collar style harnesses
- Visit ***www.dawntoduskllamas.com***

Learn how to drive your llamas safely:

- Choose a driving llama
- Choose your driving equipment
- Quickly and safely install harnesses
- Present the cart to your llama
- Backing your llama in the cart
- Changing speeds
- Ground driving technique
- Continue your driving training
- And much more

Dan recommends two people for the continued training and safety needed. Driving is advanced training for your llama. We will provide carts and harnesses for teaching and for sale. We can work with what you have also. **This could be your year to finally drive your llamas!**
